HAIR PIECES AND HAIR INTEGRATIONS

MORE THAN SIMPLE HAIR REPLACEMENT

by DENING HAIR 

WITH BELLE MADAME HAIR PIECES AND HAIR INTEGRATIONS YOUR HAIR WILL REGAIN ITS NATURAL VOLUME!

Hair is like most things in life. Only when you are forced to live without it do you realise how important it is to you.

Recent studies have shown that more and more women today are suffering from thin, brittle hair and hair loss; even to the point of bald areas. There are various reasons for this. In addition to genetic or age-related reasons, hair loss can be caused by stress, environmental factors, frequent blow drying and colouring or even by poor nutrition.

FULL HAIR AND VOLUME THROUGH HAIR ADDITION

BELLE MADAME hair pieces and hair integrations, however, have been specially designed for these hair problems. They can be easily attached and set themselves apart through their unique comfort and natural look.

HAIR QUALITIES

There are hair pieces made of human hair, synthetic hair as well Platinum hair, a mix of synthetic and human hair. Compared to human hair, the hair care of synthetic and Platinum hair is basically easier. Moreover the hairstyles are also easier to maintain after washing as they retain their original shape. On the other hand human hair is also a good choice when it comes to the real hair feeling and the possibility to colour, so that the desired hair colour is matched even more perfectly.

COLOURS

Thanks to the wide range of colours available, a colour adaptation is usually not necessary at all. Especially the various Root Colours give a very natural appearance, due to the darker coloured roots, which are especially apparent with the blond tones.

SHAPES AND LENGTHS

The structure, colour and length of the hair supplement is selected according to the characteristics of your own hair and thus gives an absolutely natural effect. A difference to your own individual hair and hair growth will not be recognisable. The attachment of the hair piece or hair-integration system to your own hair is carried out gently and cannot be felt, meaning that it feels like your own hair and you will very soon forget that you even wear one.

ATTACHMENTS

Depending on personal needs, you can choose between a permanent attachment or a mobile form with clips, where the hair piece can be easily fixed and detached by yourself.
